IMPORTANT NOTICE PLEASE READ

We ask that you fill in every space within the Referral Form. We are particularly concerned about your client’s mental health as this has proven to be difficult for us to manage, especially in cases where the client has a psychosis i.e. schizophrenia, paranoia, suicidal ideations etc. Where this is the case and your client has been sent to us without the knowledge of either ourselves or the sending organisation, the sending organisation will be asked to facilitate rehousing for your client. This must be agreed by the sending organisation prior to sending us your client. Sending us this Referral Form implies the sending organisation’s consent to the above.
